About Me

.NET Full Stack Developer with hands-on experience building web and desktop applications using .NET Core, C#, WPF, ASP.NET MVC and AngularJS. Completed a Full Stack Developer program at AJR Institute with project work in REST APIs, Entity Framework and SQL Server. Strong at troubleshooting enterprise systems, improving performance, and mentoring learners. Seeking a mid-level full-stack role to deliver maintainable, user-focused software.

Education

MCA

Mepco - Anna University - 77%
2010 - 2013

B.Sc. Computer Science

SFR - Madurai Kamaraj University - 85%
2007 - 2010

Experience

Software Engineer

July 2021 – May 2022

Trigent Software Solutions (Accenture Solutions)

- Maintained and enhanced enterprise .NET applications; diagnosed and fixed critical defects to improve reliability.
- Implemented server-side modules and optimized database queries to increase throughput.
- Coordinated with product and QA teams to deliver cross-functional features on schedule.

Software Engineer

May 2016 – Aug 2018

Vertace Consultant

- Developed .NET and SQL Server solutions; translated client requirements into technical designs.
- Performed performance tuning and unit testing to increase stability. Assisted with deployments and provided post-release support.

Technical Support Engineer

Sep 2018 – Jun 2019

Lacara Intercorp

- Troubleshot application and environment issues; documented resolution steps and supported upgrades.

Online Instructor

Jun 2020 – Dec 2020

Fazo Software Solutions

- Designed and delivered .NET and C# training modules with hands-on exercises and code reviews.

Full Stack Developer Course

Feb 2024 – Aug 2024

AJR Institute

- Completed coursework and delivered projects involving .NET Core APIs, EF models, SQL Server schemas and AngularJS front ends.

Non IT-Roles

- Data Tracks Technology — Associate (Feb 2014 – Oct 2014)
- Weuphoria — Associate Project (May 2013 – Jan 2014)
